Declaration of Keline Structured Cabling System Installation

We, Signal Telefontechnika Ltd., hereby declare that we have been implementing the IT infrastructure of the NATO military airport MH47 located in Pápa since 2016 using the Keline® structured cabling system.

This includes both Category 6 copper and fiber optic infrastructure. Additionally, we have supplied and installed the Keline® structured cabling system in military airports located in the cities of Kecskemét and Szolnok.

This declaration is made to affirm the quality and reliability of the Keline® cabling system utilized in this critical infrastructure.

Date: 7.2.2025
